

TRV 4 *Classic*

The premium design Thermostatic head

The TRV 4 Classic thermostatic head is pronounced by its elegant design and conceals proven Ondatherm technology inside.

The TRV 4 is frequently used for compact radiators due to its attractive design, which gives the appealing visual effect of being integrated in the radiator. The TRV 4 also makes an excellent appearance on standard radiator valves. With a metal ring nut connection of M 30 x 1.5 the TRV 4 is suitable for most market standard valves.

Function:

The TRV 4 is a self regulating room temperature control device, which regulates the warm water flow rate in the radiator dependant on the heating need within a room. The TRV 4 doesn't only look good, but also meets excellent quality standards according to testing by EN 215 and manufacturing under ISO 9001.

You have the choice between a version with a chrome dial and white bezel or complete in chrome.

Usage:

The setting range is seperated into zones * & 1-5, max.. Because these TRV's are accurately adjusted it is possible to exactly set the desired temperature between 7...31°C. By using the limiting pins on the rear side of the bezel the setting range can easily be limited, which makes it suitable for areas accessible to the public.

Technical Data:

Product code	2035 02 TRV 4 classic bezel white, setting dial chrome 2085 05 TRV 4 classic bezel chrome, setting dial chrome
Liquid temperature sensor	Setting range 7...31°C
Spec. stroke	> 0,2 mm/K
Frost protection symbol by	7°C
permitted storage, transport and surrounding temperatures	-20 to +60°C
Max. Heating medium temperature	120°C
Connection with metal ring nut	M 30 x 1.5
Stroke	11.5 ± 0.1 mm

Accessories

Product	Product code
TRV4 with remote sensor chrome 2 m Capillary	2036 01 L2chs
TRV 4 with remote sensor gold 6 m capillary (on request)	2036 02 L6go
TRV F2 with remote transmitter for remote setting, 2 m capillary	2039 02
TRV F6 with remote transmitter for remote setting, 6 m capillary	2039 06
Anti-theft device (heavy version) for high demands	2 2053 02 ETD
Key for DSW anti-theft device	2054
